

# MIRRORSTONE

## Data Sheet

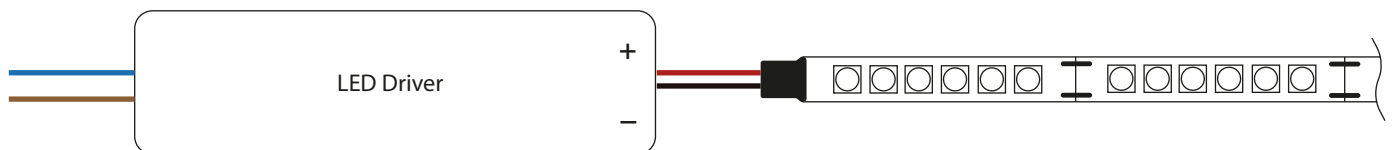

### Single Colour High Power Non-Dotting LED Strip Lights (240 x 2835 SMD, 20W, 2500 Lumens)

#### Product Description

The Single Colour High Power Non-Dotting LED Strip Lights (240 x 2835 SMD, 20W, 2500 Lumens) from Mirrorstone is a game changer in the world of strip lights. Its non-dotting appearance offers a seamless finish which doesn't show the individual LED chips. Each metre of tape contains 240 LED chips which have the capacity to beam out 2500 lumens of light while using just 20W of power. Don't forget that this tape is fully dimmable too, you will just need to purchase an accompanying power supply.

#### Wiring Example

#### Specifications
